FULL STACK DEVELOPER | ANGULAR DEVELOPER |
MERN & MEAN STACK DEVELOPER

prabakaran6374@gmail.com | 8778201109 | Navalur, Chennai-603103

SUMMARY

Motivated Full Stack Developer with 2 year of experience in developing and maintaining web applications. Skilled in Angular, React, JavaScript, TypeScript, HTML, CSS, and SCSS for building responsive and user-friendly interfaces. Experienced in backend development using Node.js, Express.js, and MongoDB, including REST API integration. Passionate about writing clean, efficient code and continuously learning modern technologies to improve application performance and user experience.

KEY COMPETENCIES

- Frontend Development (Angular, React, HTML, CSS, SCSS) Financial Analysis.
 - JavaScript & TypeScript Programming
 - UI Component Development
 - REST API Development & Integration
 - Backend Development (Node.js, Express.js)
 - Database Management (MongoDB)
 - Problem Solving & Software Development Best Practices
-

PROFESSIONAL EXPERIENCE

November 2024 – Present

Angular Developer

- Developed and maintained web applications using Angular, TypeScript, HTML, CSS, and SCSS.
- Worked on government and job portal projects including ScholarPath and WIOA Arkansas web portal.
- Built responsive user interfaces and reusable components to improve application usability and performance.
- Integrated REST APIs and handled data communication between frontend and backend services.
- Implemented form validations, dynamic UI components, and optimized application performance.
- Collaborated with backend developers and team members to deliver scalable and maintainable web applications.

EDUCATION

B.TECH INFORMATION TECHNOLOGY

2020 – 2024

GPA : 7.5

- Specialization in Frontend Development with Angular
-

CERTIFICATIONS

- Full stack web development in guvi-2023
 - full stack web development in makinfratek-2023
-

PROJECTS

ScholarPath Web Application

January-2025

- Developed a responsive web application using Angular, TypeScript, HTML, CSS, and SCSS.
- Built reusable UI components and implemented reactive forms for user data management..
- Integrated REST APIs to fetch and manage application data.
- Improved UI responsiveness and user experience across multiple devices.

WIOA Arkansas Job Portal

october-2025

- Contributed to the development of a job portal platform using Angular and modern web technologies. Identified key technology solutions and established a phased implementation plan.
 - Implemented dynamic UI components and handled API integration for job listings and user data.
 - Worked on form validations, UI enhancements, and performance improvements.
 - Collaborated with team members to deliver scalable and maintainable frontend features.
-

ADDITIONAL SKILLS

- Deployment and hosting
- Web Hosting
- Strong problem-solving
